

New website

### **The new website of Ktimatologio S.A. in trial operation**

Along the lines of continuously improving communication with citizens, Ktimatologio S.A. sets in **trial operation** its new website.

The new website [www.ktimatologio.gr](http://www.ktimatologio.gr) is:

- **technologically up-to-date** and introduces important innovations for users.
- **graphically updated** with the colour palette of the company's new logo.
- **enriched with new sections** intended to better inform users about the work of the Hellenic Cadastre.

More specifically, the new website [www.ktimatologio.gr](http://www.ktimatologio.gr) includes among others:

1. Intelligent research engines for quick access to the information sought by the user.
2. Interactive information services for professionals and expatriates.
3. A mail service of the on-line newsletter ***e-Ktimatologio***.
4. A Frequently Asked Questions (FAQs) section, where users can directly look for the answers to the most frequent questions about the Hellenic Cadastre.
5. A Press Office to accommodate the needs of journalists.

The new website of Ktimatologio S.A. has been created on a fully dynamic platform that allows its fast update and the constant development of its contents and applications. Along these lines, it is our priority to gradually develop **e-government** services that will allow citizens to **transact electronically** with the Hellenic Cadastre.
